

<b>Model</b>	<b>K-series CT 350 Counter Top</b>	
<b>Water Tank Capacity</b>	<b>Hot</b> 5.0ℓ	<b>Cold</b> 2.0ℓ
<b>Power Consumption</b>	<b>Hot</b> 500W	<b>Cold</b> 90W
<b>Water Temperature</b>	<b>Hot</b> 85°C ~ 95°C	<b>Cold</b> 6°C ~ 10°C
<b>Dimensions</b>	(W) 160 x (D) 260mm x (H) 515mm	

- Attractive Design & Elegant Look.
- Compact Inner Configuration, Low Noise When in Working.
- Hot Water Safety Tap for Children Protection.
- Food Grade Stainless Steel 304 stretched Hot & Cold Tank.

<b>Model</b>	<b>K-series FS 550 Floor Standing</b>	
<b>Water Tank Capacity</b>	<b>Hot</b> 5.0ℓ/hr	<b>Cold</b> 2.0ℓ/hr
<b>Water Temperature</b>	<b>Hot</b> 85°C-95°C	<b>Cold</b> 6°C-10°C
<b>Power Consumption</b>	<b>Hot</b> 500W	<b>Cold</b> 85W
<b>Dimensions</b>	(W) 345 x (D) 435 x (H) 1165mm	

- Environmental friendly R-134a refrigerant
- Hot & Cold available
- Hygiene guard - Removable lid that enables easy water pouring as well as cleaning
- Modern design

**Step 1) Sediments** - To filter sediments up to 5 microns (WHO standard as safe water is >30 microns)

**Step 2) Pre Carbon** - High quality activated carbon with large surface of contact to absorb Chlorine, Organic Solvent, Heavy Metals, Odour & also helps improve the taste.

**Step 3) Bio-Alkaline with ORF** - Emit Far-infrared to break water molecules cluster smaller, with activation and oxygenation water molecules for better cells absorption, promoting metabolism and helps improve immune and defense system. With ideals alkaline pH to neutralize any acidity on our body and Oxidation Reduction Potentials up to - 380 to neutralize Free Radicals in the body.

**Step 4) Post Carbon** - Carbon block to further remove odour and any trace of any unwanted substance while producing better taste.
